VOLUME 34—ISSUE 5 August | September 2023

From the Manager...

As believers in Christ we are told to preach the Gospel to every corner of the world. Although most of us will not relocate our families to a distant land we can all make an impact by supporting those who do, and also those ministering among us here at home.

Psalm FM is one of those “Home Missions” that needs your support. Through our work here in Northern Minnesota and Northwestern Ontario we are informed of the impact, work and needs of Christian Missions around the world – while at the same time being encouraged in our own Faith, and prepared to evangelize those who live around us.

We appreciate your prayers and financial support of Psalm FM as we partner together to make a difference wherever we find ourselves in our own personal mission field.

-Bruce Christopherson, Station Manager

MICHELLE'S MINUTE

As Proverbs 16:9 says, "The heart of man plans his way, but the Lord establishes his steps." Since our last letter, our concert plans have changed slightly, with the addition of worship singer Adelaide to the lineup, and we think she is a perfect fit with Jason Gray as we look forward to praising God together on August 28 in International Falls.

Who is Adelaide? She told us, *"I absolutely am a worshiper. Growing up, music was my escape from reality. But it also became my prayer life, if that makes sense. I love to have fun on stage, but I love to connect with people. The most important part to me besides sharing my story and ministering the gospel of Jesus Christ from the stage is to meet people afterward and hear their stories. I love people, and that's why my husband and I travel and minister across the country.*

'In His presence there is fullness of joy' so we want to invite everyone to join with us in having fun and worshiping God together."

Adelaide and her husband, who serves as her manager, live in Missouri with their four children.

Worship group, Presence Music, from Duluth will open for Adelaide and Jason Gray. They just released three original songs, including "There Was a Man."

We truly believe God has orchestrated this group of musicians to bless His people Up North this summer. Please visit psalmfm.org for tickets and plan to join us for this inspirational night of worship together!

Can't connect with us during Share-A-Thon? We are happy to record your faith promise and reserve your special date when you return the enclosed form. If you prefer, you may fill out our form online or give us a call!

We will send confirmation when we receive **your promise of support for PsalmFM's next fiscal year.** Please include your email to confirm.

THOUGHTS FROM DALTON'S DESK

One of the best things about the ministry of Psalm FM is the new music we add. One new song that's been my favorite recently is Cody Carnes' "Firm Foundation."

In a world where people are constantly looking to other things for salvation, this song reminds us that the only true foundation in our lives is the Lord.

A foundation built on the Lord can withstand even the toughest of storms. It will support all of our brokenness and worries in this life.

I pray in the midst of your messy life, that you cling to the Lord and His foundation to get you through the trials and storms.

Make sure to keep an ear out for this song and many others as we broadcast uplifting music throughout Northern Minnesota and Northwestern Ontario.
